JOURNAL OF ZOOLOGY

Volume 251 Contents

Part 1, May 2000

THE EDITOR'S REPORT ON THE *JOURNAL OF ZOOLOGY* FOR 1999 i

Herbert, D. G., Dining on diplopods: remarkable feeding behaviour in chlamydephorid slugs (Mollusca: Gastropoda) 1

Uhl, G. and Vollrath, F., Extreme body size variability in the golden silk spider (*Nephila edulis*) does not extend to genitalia 7

van der Jeugd, H. P. and Prins, H. H. T., Movements and group structure of giraffe (*Giraffa camelopardalis*) in Lake Manyara National Park, Tanzania 15

Lunn, N. J., Paetkau, D., Calvert, W., Atkinson, S., Taylor, M. and Strobeck, C., Cub adoption by polar bears (*Ursus maritimus*): determining relatedness with microsatellite markers 23

Tokeshi, M., Ota, N. and Kawai, T., A comparative study of morphometry in shell-bearing molluscs 31

Morton, B., The biology and functional morphology of *Fragum erugatum* (Bivalvia: Cardiidae) from Shark Bay, Western Australia: the significance of its relationship with entrained zooxanthellae 39

Begall, S. and Gallardo, M. H., *Spalacopus cyanus* (Rodentia: Octodontidae): an extremist in tunnel constructing and food storing among subterranean mammals 53

Kosta, A., Dimopoulou, K., Drosou, V. and Thomopoulos, G. N., Glycogen distribution in the larval salivary gland cells during the development of *Drosophila melanogaster* and *Drosophila auraria*: an ultrastructural cytochemical study 61

Higginbottom, K. and Johnson, C. N., Partial seasonality of breeding in red-necked wallabies (*Macropus rufogriseus banksianus*) 71

Runestad Connour, J., Glander, K. and Vincent, F., Postcranial adaptations for leaping in primates 79

Zacharda, M., New and little-known species of Rhagidiidae from talus ecosystems, in the Czech Republic and Austria 105

Mathiesen, S. D., Sørmo, W., Haga, Ø. E., Norberg, H. J., Utsi, T. H. A. and Tyler, N. J. C., The oral anatomy of Arctic ruminants: coping with seasonal changes 119

Mathiesen, S. D., Haga, Ø. E., Kaino, T. and Tyler, N. J. C., Diet composition, rumen papillation and maintenance of carcass mass in female Norwegian reindeer (*Rangifer tarandus tarandus*) in winter 129

Part 2, June 2000

Elmhagen, B., Tannerfeldt, M., Verucci, P. and Angerbjörn, A., The arctic fox (*Alopex lagopus*): an opportunistic specialist 139

Storz, J. F., Bhat, H. R. and Kunz, T. H., Social structure of a polygynous tent-making bat, *Cynopterus sphinx* (Megachiroptera) 151

Lurz, P. W. W., Garson, P. J. and Wauters, L. A., Effects of temporal and spatial variations in food supply on the space and habitat use of red squirrels (*Sciurus vulgaris* L.) 167

Harper, E. M., Are calcitic layers an effective adaptation against shell dissolution in the Bivalvia? 179

Dickinson, H. C. and Fa, J. E., Abundance, demographics and body condition of a translocated population of St Lucia whiptail lizards (*Cnemidophorus vanzoi*) 187

De Troch, M., Fiers, F. and Vincx, M., Range extension and microhabitat of *Lightiella incisa* (Cephalocarida) 199

Andrews, P. and O'Brien, E. M., Climate, vegetation, and predictable gradients in mammal species richness in southern Africa 205

Dondini, G. and Vergari, S., Carnivory in the greater noctule bat (*Nyctalus lasiopterus*) in Italy 233

Heydon, M. J. and Reynolds, J. C., Fox (*Vulpes vulpes*) management in three contrasting regions of Britain, in relation to agricultural and sporting interests 237

Heydon, M. J., Reynolds, J. C. and Short, M. J., Variation in abundance of foxes (*Vulpes vulpes*) between three regions of rural Britain, in relation to landscape and other variables 253

Heydon, M. J. and Reynolds, J. C., Demography of rural foxes (*Vulpes vulpes*) in relation to cull intensity in three contrasting regions of Britain 265

Part 3, July 2000

Georges, J.-Y. and Guinet, C., Early mortality and perinatal growth in the subantarctic fur seal (*Arctocephalus tropicalis*) on Amsterdam Island 277

Guinet, C. and Georges, J.-Y., Growth in pups of the subantarctic fur seal (*Arctocephalus tropicalis*) on Amsterdam Island 289

Jehle, R. and Arntzen, J. W., Post-breeding migrations of newts (*Triturus cristatus* and *T. marmoratus*) with contrasting ecological requirements 297

Moltschaniwskyj, N. A. and Semmens, J. M., Limited use of stored energy reserves for reproduction by the tropical loliginid squid *Photololigo* sp. 307

Smith, A. C., Interspecific differences in prey captured by associating saddleback (*Saguinus fuscicollis*) and moustached (*Saguinus mystax*) tamarins 315

Hailey, A. and Willemsen, R. E., Population density and adult sex ratio of the tortoise *Testudo hermanni* in Greece: evidence for intrinsic population regulation 325

Mason, C. F. and Macdonald, S. M., Influence of landscape and land-use on the distribution of breeding birds in farmland in eastern England 339

Ward, P. I., Sperm length is heritable and sex-linked in the yellow dung fly (*Scathophaga stercoraria*) 349

Yager, D. D., Cook, A. P., Pearson, D. L. and Spangler, H. G., A comparative study of ultrasound-triggered behaviour in tiger beetles (Cicindelidae) 355

Gillooly, J. F. and Dodson, S. I., The relationship of neonate mass and incubation temperature to embryonic development time in a range of animal taxa 369
MacNeil, C. and Prenter, J., Differential microdistributions and interspecific interactions in coexisting native and introduced *Gammarus* spp. (Crustacea: Amphipoda) 377
Boonman, M., Roost selection by noctules (*Nyctalus noctula*) and Daubenton's bats (*Myotis daubentonii*) 385
Ganzhorn, J. U. and Harthun, M., Food selection by beavers (*Castor fiber albicus*) in relation to plant chemicals and possible effects of flooding on food quality 391
Lawson, R. E., Putman, R. J. and Fielding, A. H., Individual signatures in scent gland secretions of Eurasian deer 399
Jacobs, D. S. and Kuiper, S., Individual recognition in the Damaraland mole-rat, *Cryptomys damarensis* (Rodentia: Bathyergidae) 411

Part 4, August 2000

Jackson, T. P., Female nesting behaviour, pup growth and ontogeny in Brants' whistling rat (*Parotomys brantsii*) 417
Maina, J. N., The highly specialized secretory epithelium in the buccal cavity of the alkalinity adapted Lake Magadi cichlid, *Oreochromis alcalicus grahami* (Teleostei: Cichlidae): a scanning and transmission electron microscope study 427
Zalewski, A., Factors affecting the duration of activity by pine martens (*Martes martes*) in the Białowieża National Park, Poland 439
McCulloch, S. and Boness, D. J., Mother–pup vocal recognition in the grey seal (*Halichoerus grypus*) of Sable Island, Nova Scotia, Canada 449
Vos, J., Food habits and livestock depradation of two Iberian wolf packs (*Canis lupus signatus*) in the north of Portugal 457
Irvine, L. G., Hindell, M. A., van den Hoff, J. and Burton, H. R., The influence of body size on dive duration of underyearling southern elephant seals (*Mirounga leonina*) 463
Belden, L. K., Wildy, E. L. and Blaustein, A. R., Growth, survival and behaviour of larval long-toed salamanders (*Ambystoma macrodactylum*) exposed to ambient levels of UV-B radiation 473
Scott, D. M. and Dunstone, N., Environmental determinants of the composition of desert-living rodent communities in the north-east Badia region of Jordan 481
Whitehead, P. J. and Saalfeld, K., Nesting phenology of magpie geese (*Anseranas semipalmata*) in monsoonal northern Australia: responses to antecedent rainfall 495
Collado, R. and Schmelz, R. M., *Pristina silvicola* and *Pristina terrena* spp. nov., two new soil-dwelling species of Naididae (Oligochaeta, Annelida) from the tropical rain forest near Manaus, Brazil, with comments on the genus *Pristinella* 509
Bocher, P., Labidoire, B. and Cherel, Y., Maximum dive depths of common diving petrels (*Pelecanoides urinatrix*) during the annual cycle at Mayes Island, Kerguelen 517
Bixler, A. and Gittleman, J. L., Variation in home range and use of habitat in the striped skunk (*Mephitis mephitis*) 525
SHORT COMMUNICATIONS 535
The cheetah (*Acinonyx jubatus*) dewclaw: specialization overlooked, by T. Londei, p. 535; Between-litter siblicide in captive Indian false vampire bats (*Megaderma lyra*), by D. Leippert, W. Goymann and H. Hofer, p. 537; Tooth succession in the greater cane rat *Thryonomys swinderianus* (Temminck, 1827), by M. van der Merwe, p. 541; The mechanical properties of down feathers from gentoo penguins (*Pygoscelis papua*), by R. H. C. Bonser and C. Dawson, p. 545
